JOHN, B. LUCAS.

in this city at Yantic, October 16, 1832, the son of Samuel and Elisabeth Lucas, formerly of Trowbridge, England. Mrs. Lucas was born in Dover, N. H., the daughter of Dr. Benjamin and Harriet Dearborn Colby. She came of revolutionary stock and is a descendant of General Washington's staff.

At the time they were married Mr. Lucas was a clerk in a dry goods store in Providence, and later was in business for himself here. For a short time after that he came here, but soon moved to Portland, Me, where he was a clerk and later became a partner in the firm of E. A. Marrett & Co. They remained there for a number of years until after the big fire when they went to Cambridge, where for two or three years Mr. Lucas was

WILL ATTEND SERVICE AT CENTRAL BAPTIST CHURCH

Sedgwick Post, No. 1, G. A. R., Accepts Invitation of Rev. P. C. Wright for Memorial Sunday.

There was a good sized attendance at the entertainment given by the Alpha Sigma society at the Second Congregational church Friday evening. Miss Marion Wilson of New York, in character studies in costume, delighted her audience, presenting as she did in a decidedly clever manner The Convict, The Sweet Girl Graduate, The Wood Nymph and The Bootblack. She was roundly applauded after each number.

Sedgwick post, No. 1, G. A. R., meeting at the Buckingham Memorial on Friday evening, received and accepted an invitation from Rev. P. C. Wright to attend divine worship at the Central Baptist church on Memorial Sunday, May 28. The invitation also included the auxiliaries of the post.

The meeting had a large attendance and was presided over by Senior Vice Commander Orrin M. Price in the absence from the city of Commander Henry Hovey. The general committee on Memorial day reported progress and that they were busy perfecting the list of sub-committees.

The post had been expecting to have a campfire for the two local coast artillery companies next. Friday evening the state of the commander of the two local coast artillery companies next. Friday evening combination, brown, tan, green, asvy

Gen: William A. Aiken was present at the meeting and furnished a particularly interesting half-hour for the veterans, as he spoke at length of incidents of which he had been an eye witness in the exciting times fifty years ago, when the nation was arming for the civil war.

DECIDES ON NEW BOOKS

The thirty-sixth annual convention and forty fourth annual meeting of the Yeung Men's Christian associations of the state opened, at the Methodist church in Torrington Friday with 75 delegates. The first part of the programme was taken up with a song service. This was followed by a business session at which the annual reports were read and convention officers elected. An address was delivered in the afternoon by Rev. Charles L. Goodell of the Calvary Baptist church New York.

The reports of the county commit-Acts Upon Recommendations of Textbook Committee. New York.

The reports of the county committees and the report of the state committees and the report of the state committee were read and referred. The state committee recommends the establishing of a state camp in the summer for boys and a wider scope of instruction for foreign speaking men. Friday night the annual banquet was held with State President D. A. Howe of Hartford as toastmaster. The sessions will be continued through today and will be attended by General Secretary W. A. Morse and Vice President E. A. Pdentice of this city.

There was a meeting of the board of town school visitors on Friday evening at the office of Acting Visitor Frank H. Foss, at which the report of the committee on textbooks was heard. It was voted to adopt the Hicks Champion speller, three readers—Jones, Graded Literature and The Aldine, while the selection of the physiology and the writing system was left with the textbook committee with power. The matter of hygiene was to be selected from Davidson's Health Lessons, and the New. World series of Hygiene and Sanitation, while the writing system will be the same as at present, the medial slant and Houston's system.

The matter of supplementary reading will be decided later. There will be no other changes. n cottons and lisles, common and outsizes, made by the finest American manufacturers all qualities from 29c to 39c a pair, but subject to mill imperfections-Today's choice 19c Extra Fine Rib, Black Lisle Finish

TROLLEYMEN DANCE.

Visitors Present from New Lendon, Westerly and Providence.

Cadillac hall was filled to the standing room only sign on Friday evening for the annual dance of the trolleymen, given by Division No. 362, Amalgamated Association of Street and Electric Railway employes of America. It was a great success for the knights of the controller and the religiond, who had in attendance a nunfber of their brother strolleymen from Putnam, New London and Westerly. The programme from 3.30 to 11.30 was a delight to all and the music by the Cadillac orchestra was a feature.

The trolley on the Greeneville line at 11.43 was run to Taftville for the special accommodation of the crowd. The successful arrangements for the dance were in the hands of this committee: Arthur illangan, chairman. George Leonard, William Barwell, William Jones and C. M. Douglass. lects, suitable for framing and passepartouts, 10c value-Today special 5c We have secured another lot of Men's Negliges Shirts coat style attached cuffs with faced sleeves and pearl buttons, made as full size as any higher grade shirt—On sale today at 59c each. CITY MISSION

Open Only During Certain Hours of the Day.

City Missionary C. C. Northrop writes as follows to The Bulletin:
In view of the fact that many telephone and personal calls are being made at the City Mission office at all hours of the day, the public is hereby particularly reminded that the office at No. 9 Washington street is open only during certain hours.

These hours are from 10-12 a. m. daily (Gundays and holidays excepted); from 4-5 p. m. on Mondays and Wednesdays; from 2-5 p. m. on Saturdays.

Instead of destroying the oyster to see if it contains a pearl, it is suggested that A-ray emight be used and if nothing were discovered the oyster might be put back into the sea to continue growing.

MAHONEY BROS. Livery Stable,

Consider What FORD Service to FORD Owners Means

From the beginning Henry Ford has made it a vital factor in his great organization to take care of the owners of FORD CARS, with the result that FORD SERVICE FOR FORD OWNERS is the most complete service organization, so far as motor cars are concerned, in the world.

It is made a part in all contracts with FORD dealers, from the largest to the smallest, that each dealer must at all times carry an adequate supply of FORD parts entirely for the benefit of FORD OWNERS. So it matters not in what part of the world you may be (in this country you can scarcely drive 50 miles in any direction without meeting a FORD dealer; in foreign countries they are not so thick), you are bound to have the continual service of your car without annoying delays for want of parts. FORD Cars rarely need repairs, but accidents will happen to owners of FORD MODEL T Cars as well as to other people, and when such accidents occur think how comforting it is to know that you can speedily repair your car without loss of time and at minimum expense. Each FORD owner when he buys a car is supplied with an Individual Parts Price List, and he is thus safeguarded as to cost, while so simple in design and construction are FORD MODEL T Cars that any ordinary mechanic can make safe repairs. Every FORD dealer gives prompt, courteous attention to all demands of FORD owners, regardless of where or when he purchased his car.

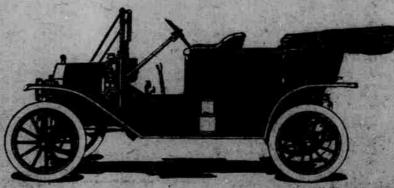

To insure the utmost in service for FORD OWNERS, we have erected large storchouses, one in Kansus City, one in Long Island City, New York, and one in Cambridge, Mass., that FORD dealers may be quickly supplied with parts, all for the benefit of FORD OWNERS. No other manufacturer of motor cars has such an extensive, thorough and efficient service department.

You see how the FORD MOTOR CO. answers the question, "After I buy my car, then what?" It has all been thought out for you, all prepared in advance, that the owner of a FORD MODEL T may enjoy the utmost use, the most complete satisfaction, that any motor car can give to its owner. Troop 2, Boy Scouts, held a well attended meeting and one full of enthusiasm on Friday evening in the Trinity Methodist church vestry. Scout Master K. E. Morrison presiding. The baseball team, which has elected Ray Fillmore manager, is to have a game with the Bridge district school this afternoon at 2.30, Purvis and Fillmore being the battery for the Scouts. To raise money to buy baseball suits the Scouts have started the rehearsals for a four-act play. For a Scout's Honor, which will represent a scout's camp and have 25 people on the stage. The play was wriften by Scoutmaster Morrison. Scoutmaster I. E. Elmer is to be stage director. Everett Pierce chairman of the candy committee and Alfred Hartley chairman of the ticket committee. Every fifth car sold in this country is a FORD MODEL T. This is because of an abounding faith in the car, created through the unsurpassed record it has made in satisfactory service, and because FORD SERVICE FOR FORD OWNERS is an actual fact—not a mere advertising promise.

"High-priced quality in a low-priced car," made possible by reason of our tremendous manufacturing facilities. With the most complete factory in the world, equipped with labor-saving, time-saving, exact and efficient machinery, with unlimited financial resources, which command the lowest prices in the market of raw materials, and with the guiding genius of Henry Ford in control, and built all around this a most effective selling organization (more than 3,000 dealers in the United States alone), the owner of a FORD MODEL T is sure of everything within reason that a motor car can give.

Come in and see for yourself this famous car; examine compare; ask the salesman to point out the different features of supremacy. Let him tell you of its light weight and what it means; the Vanadium steel construction and the giant strength it gives. Let him show you its simplicity of control, its ease of operation, and point out the positive economy of maintenance.
